Dear Sirs,I am a loyal XM Radio listener. I pay not only for the radios (I have more then 1) I also pay for the monthly service to receive the variety of channels which I receive. Every morning and every evening on my ways to and from work, I like to listen to the traffic and weather reports. When there was an over turned semi on my route to work, I knew about it. I beleive that the service provided to me, and fellow XM Radio listeners, is a valuable resource. After I get done listening to the weather and traffic, I can tune in Fox News to find out what the Polittitions are up too, or over to XM Kids, for the boys pleasure or even my favorite Country station. Please reject the NAB's petition 04-160 and support XM Radios ability to provide me the programming that I currently enjoy and want to continue.

Thank you for your time,
T. Basinger
